

# Head of Squash

**Reports to:** Club Manager

**Hours:** 20 contracted hours per week plus opportunities for private coaching.

**Deadline for applications:** 31<sup>st</sup> August 2025

## Club Overview

As one of the country's premier squash venues, Wimbledon Racquets and Fitness Club combines top-tier competition with a warm, community-focussed atmosphere. Our six men's, two women's, two veterans' and racketball teams regularly compete in the Surrey County leagues, while our spirited social side enjoys fixtures across Surrey and London throughout the year.

With around 1,200 members, we pride ourselves on being a not-for-profit club that champions inclusivity and growth. Our thriving junior squash section has nurtured numerous top-class players, and we offer dedicated coaching pathways for every age and ability.

Beyond the courts, our comprehensive fitness facilities support racquet sports training and general wellbeing alike, ensuring everyone, from beginners to seasoned competitors, can train, socialise and excel under one roof.

## Role Overview

An exciting opportunity to lead the squash programme at one of the top clubs in Surrey – the strongest county for squash in the UK.

This is a managerial and coaching role, giving you control of the squash programme at a club with a national reputation for high standards and community spirit. You'll work closely with club management and the squash committee to shape and deliver a dynamic programme for all ages and abilities.

We're looking for someone qualified to Level 2 or higher (or working towards Level 4), who's passionate about developing players and building a welcoming squash environment.

As Head of Squash, you'll:

- Drive a high-quality squash experience for members and visitors.
- Lead and manage the coaching team to deliver a consistent, inclusive programme.
- Have the opportunity to develop your own one-to-one coaching portfolio alongside your club role.
- Coach juniors and adults at all levels — from beginner to team and academy standard.

- Continue building our successful junior pathway, including school and community links.
- Oversee all adult squash activity, including 11 adult teams, internal competitions, and social squash.
- Maintain strong relationships with Surrey Squash and England Squash.
- Play a key role in delivering tournaments, events, and initiatives that reflect WR&FC's reputation for excellence.

The role is split roughly 50/50 between management and coaching, though this can be adjusted by agreement with club management.

Wimbledon Racquets & Fitness Club is proud to be one of the most active and respected squash clubs in the country. We're looking for someone who shares that passion — and is ready to take the next step in their coaching career.
